NMFA is the voice of the military families because, for 49 years, we have proven that we stand behind service members, their spouses, and their children. Our Association is the "go to" source for Administration Officials, Members of Congress, and key decision makers when they want to understand the issues facing our families. They know we have "boots on the ground" with military families and understand better than anyone that "military families serve, too." Through the support and programs we provide, and our respected voice on Capital Hill and with the Departments of Defense and Veterans Affairs, our Association always looks out for the families who stand behind the uniform and for those who serve. **Visit www.militaryfamily.org for more information.
